

I enjoy doing soccer. The first

thing we do is we go back and forth

dribbling the ball to warm up then after

that we play a little game it is when

the coach calls out a color cone and then

we dribble to the color cone. Then the coaches

stand at the white and then we have to

try to get them and if they kick our

ball then we join them. then if we're

the last one everyone goes after then

we do a scrimmage a scrimmage is a game.
