I know a lot about writing

Comic books for my friends at school.

Frist, you need pencil, paper, staypler,

and ideas. Next, you think what your

Comic's name is going to be my comic's names

are: KIDCAT he's a hero that fights

bad guys with funny names. Last, you

need some one to read it. Comic books

help people read more better kind of but

it's fun making things that you like.

I make comics all the time some

kids in my class say it's funny or

say I liked it but it wasn't as funny

but it doesn't matter what

people think it matters if it's fun

to you or not. My favorite author is

Name _____

Date _____

Dav Pikly he make Captain Underpants

that how I started to make comics!

I want to be a author when I grow

up too. Anyways now lots of kids in

my Class try to make comics too!!!

I gess that's how much they love

my comic books.
